

Products: LED Street Lights detailed Specifications

| S.No | LED Street Lights Description   | Specification    |                       |
|------|---|------------------|-----------------------|
| 1    | <b>LED Street Light: 15 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL15LED</b>    |
|      |   | Number of LED's: | 15                    |
|      |   | Power:           | 15 W                  |
|      |   | Input Voltage:   | 145-270VAC            |
|      |   | Output Voltage:  | 42-70VDC              |
|      |   | Output Current:  | 350mA                 |
| 2    | <b>LED Street Light: 18 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL18LED</b>    |
|      |   | Number of LED's: | 18                    |
|      |   | Power:           | 18 W                  |
|      |   | Input Voltage:   | 145-270VAC            |
|      |   | Output Voltage:  | 42-70VDC              |
|      |   | Output Current:  | 350mA                 |
| 3    | <b>LED Street Light: 20 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL20LED</b>    |
|      |   | Number of LED's: | 20                    |
|      |   | Power:           | 20 W                  |
|      |   | Input Voltage:   | 145-270VAC            |
|      |   | Output Voltage:  | 42-70VDC              |
|      |   | Output Current:  | 350mA                 |
| 4    | <b>LED Street Light: 20 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL20-40LED</b> |
|      |   | Number of LED's: | 40                    |
|      |   | Power:           | 20 W                  |
|      |   | Input Voltage:   | 145-270VAC            |
|      |   | Output Voltage:  | 42-70VDC              |
|      |   | Output Current:  | 350mA                 |
| 5    | <b>LED Street Light: 24 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL24LED</b>    |
|      |   | Number of LED's: | 24                    |
|      |   | Power:           | 24 W                  |
|      |   | Input Voltage:   | 145-270VAC            |
|      |   | Output Voltage:  | 32-40VDC              |
|      |   | Output Current:  | 610mA                 |
| 6    | <b>LED Street Light: 24 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL24-48LED</b> |
|      |   | Number of LED's: | 48                    |
|      |   | Power:           | 24 W                  |
|      |   | Input Voltage:   | 145-270VAC            |
|      |   | Output Voltage:  | 32-40VDC              |
|      |   | Output Current:  | 610mA                 |

|    |   |                  |                       |
|----|---|------------------|-----------------------|
| 7  | <b>LED Street Light: 30 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL30LED</b>    |
|    |   | Number of LED's: | 30                    |
|    |   | Power:           | 30 W                  |
|    |   | Input Voltage:   | 145-270VAC            |
|    |   | Output Voltage:  | 36-56VDC              |
|    |   | Output Current:  | 700mA                 |
| 8  | <b>LED Street Light: 30 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL30-60LED</b> |
|    |   | Number of LED's: | 60                    |
|    |   | Power:           | 30 W                  |
|    |   | Input Voltage:   | 145-270VAC            |
|    |   | Output Voltage:  | 36-56VDC              |
|    |   | Output Current:  | 700mA                 |
| 9  | <b>LED Street Light: 40 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL40LED</b>    |
|    |   | Number of LED's: | 40                    |
|    |   | Power:           | 40 W                  |
|    |   | Input Voltage:   | 145-270VAC            |
|    |   | Output Voltage:  | 27-42VDC              |
|    |   | Output Current:  | 1.3A                  |
| 10 | <b>LED Street Light: 48 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL48LED</b>    |
|    |   | Number of LED's: | 48                    |
|    |   | Power:           | 48 W                  |
|    |   | Input Voltage:   | 145-270VAC            |
|    |   | Output Voltage:  | 27-42VDC              |
|    |   | Output Current:  | 1.3A                  |
| 11 | <b>LED Street Light: 56 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL56LED</b>    |
|    |   | Number of LED's: | 56                    |
|    |   | Power:           | 56 W                  |
|    |   | Input Voltage:   | 145-270VAC            |
|    |   | Output Voltage:  | 60-84VDC              |
|    |   | Output Current:  | 700mA                 |
| 12 | <b>LED Street Light: 64 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL64LED</b>    |
|    |   | Number of LED's: | 64                    |
|    |   | Power:           | 64 W                  |
|    |   | Input Voltage:   | 145-270VAC            |
|    |   | Output Voltage:  | 45-55VDC              |
|    |   | Output Current:  | 1.4A                  |

|    |  |                  |                     |
|----|--|------------------|---------------------|
| 13 | <b>LED Street Light: 72 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul>  | <b>Model No:</b> | <b>ONS-SL72LED</b>  |
|    |  | Number of LED's: | 72                  |
|    |  | Power:           | 72 W                |
|    |  | Input Voltage:   | 145-270VAC          |
|    |  | Output Voltage:  | 45-55VDC            |
|    |  | Output Current:  | 1.4A                |
| 14 | <b>LED Street Light: 80 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul>  | <b>Model No:</b> | <b>ONS-SL80LED</b>  |
|    |  | Number of LED's: | 80                  |
|    |  | Power:           | 80 W                |
|    |  | Input Voltage:   | 145-270VAC          |
|    |  | Output Voltage:  | 30-40VDC            |
|    |  | Output Current:  | 2A                  |
| 15 | <b>LED Street Light: 120 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL120LED</b> |
|    |  | Number of LED's: | 120                 |
|    |  | Power:           | 120 W               |
|    |  | Input Voltage:   | 145-270VAC          |
|    |  | Output Voltage:  | 28-36 VDC           |
|    |  | Output Current:  | 4.2A                |
| 16 | <b>LED Street Light: 144 Watts</b><br><br><b>Features:</b> <ul style="list-style-type: none"> <li>➤ Surge Protection</li> <li>➤ Overload Protection</li> <li>➤ Short circuit production</li> </ul> | <b>Model No:</b> | <b>ONS-SL144LED</b> |
|    |  | Number of LED's: | 144                 |
|    |  | Power:           | 144 W               |
|    |  | Input Voltage:   | 145-270VAC          |
|    |  | Output Voltage:  | 28-36 VDC           |
|    |  | Output Current:  | 5A                  |
